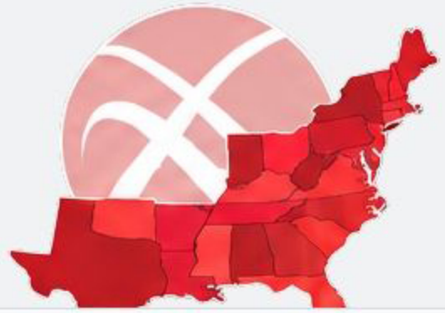
AIRPOWER® MANUFACTURING SOLUTIONS

ASSEMBLE. MOVE. COAT. AUTOMATE.

CUSTOMER

Project Vision | Requirements | Approvals
Collaboration | Final Success



Your Primary Contact for All Project Needs

Coordinates Air Power Resources for a Seamless Experience

Air Power
Account Manager
Single Point of Contact

YOUR PROJECT ADVOCATE

Brings Together Specialized Teams to Solve Complex Challenges

Keeps Your Project Moving from Concept to Completion and Beyond

Assembly Solutions

Assembly Systems, Tooling, Ergonomics and Production Solutions

- Assembly Systems
- Tooling & Fixturing
- Ergonomic Equipment
- Production Solutions
- Process Development

Lead Application Engineer | Application Engineer

Finishing and Systems Solutions

Liquid and Powder Finishing, Application Equipment, Booths, Ovens and Conveyance

- Liquid Finishing Systems
- Powder Coating Systems
- Application Equipment
- Booths, Ovens and Conveyance
- Process Development
- System Integration Support

Lead Application Engineer | Application Engineer

Automation & Integration Engineering

Automation, Controls, PLC Programming, System Integration

- Automation Engineering
- Controls Design
- PLC Programming
- System Integration
- HMI Development
- Robot Integration

Lead Application Engineer

Advanced Fluid Technologies

Metering, Mixing and Dispensing Solutions for Sealants, Adhesives, Coatings and Lubricants

- Metering & Mixing Systems
- Dispensing Solutions
- Sealants, Adhesives & Coatings
- Lubrication Systems
- Process Development
- Application Support

Lead Application Engineer | Application Engineer

Material Handling Solutions

Cranes, Hoists, Ergonomic Lifting, Conveyance and Custom Handling Systems

- Cranes & Hoists
- Ergonomic Lifting Solutions
- Conveyance Systems
- Custom Handling Systems
- Integration Support
- Application Support

Lead Application Engineer

Project Management & Technical Coordination

Project Planning, Scheduling, Installation Support, Startup, Commissioning and On-Site Technical Coordination

- Project Planning & Scheduling
- Installation Support
- Startup & Commissioning
- Technical Coordination
- Customer Communication
- Cross-Team Support

Project Coordinator | Customer Service | Project Lead

Bench & Field Service

Troubleshooting, Equipment Repairs, Preventive Maintenance and Ongoing Post-Installation Technical Support

- Troubleshooting & Diagnostics
- Equipment Repairs
- Preventive Maintenance
- On-Site Service Support
- Post-Installation Support
- Training Support

Service Department Manager | Service Coordinator | Field Service Manager

PROJECT LIFECYCLE SUPPORT

DISCOVER — Understand Goals and Requirements

DESIGN — Develop the Right Solution

INTEGRATE — Engineering, Controls and System Build

INSTALL — On-Site Support and Commissioning

OPERATE — Training and Production Support

SERVICE — Ongoing Support and Optimization
